The Kimber Rapid Scorpion is designed to deliver a superior shooting experience. Its stepped cocking grooves and slide relief cutouts reduce weight and improve the weapon's balance, facilitating rapid target acquisition. The match-grade stainless steel barrel, with a 1:16-inch left-hand rifling pitch, ensures optimum accuracy. The barrel's black DLC finish provides increased resistance to wear and corrosion.

Tru-Glo TFX Pro Day Night sights, with an orange ring on the front, provide exceptional visibility in a variety of lighting conditions. The stainless steel frame and slide, with a KimPro II black finish and polished faces, give the pistol a refined appearance and durable protection from the elements.

The aluminum V-trigger, factory set between 4.0 and 5.0 pounds, provides a crisp, responsive shooting feel. The pistol also features a flared magazine well for fast, efficient reloads. With a 9-round magazine capacity

in 9mm, the Rapide Scorpius is ready to meet the expectations of the most demanding shooters.
