DB006	Rustproof 2 shotgun/rifle case	Vente libre	118.75	35	15.24	3175	297.00 € incl. tax

Designed with patented Absorbits™ moisture-wicking technology across the entire surface.

The BONE-DRI™ Rust Prevention Dual Rifle Case is designed for sportsmen, hunters, collectors and professional shooters who demand and deserve the best for storing, transporting and protecting multiple rifles and handguns against rust after exposure to moisture.

- Capacity: Holds 2 rifles (up to 47? - 119 cm), 2 pistols and 25 magazines.
- Peace of mind: For your firearms after exposure to humidity
- Durable: Made of heavy-duty 800D PVC industrial nylon.
- Backpack straps
- Secure: Mil-Spec locking zippers on both gun compartments
- Versatile: MOLLE grid, paracord zipper, D-ring, backpack strap and removable gun cover.
- Infinitely reusable

MOISTURE-ABSORBING MATERIAL.

DRYOUT™ is a "sandwich" of desiccant packets encapsulated in moisture-wicking nylon.

- The moisture removal process lasts from 4 to 24 hours.
- US Patent No. 9,771,202

AS A PORTABLE DEHUMIDIFIER.

DRYOUT™ works on the same principle as commercial dehumidifiers, but without the need for electricity. In simpler terms, it's like a moisture vacuum.

It is easy to release moisture. Simply place the case in the sun or dry it using a hair dryer on low heat settings.

INDEFINITE USE.
Unlike cheap disposable desiccants that need to be replaced daily, DRYOUT™ is designed for repeated use and the desiccant inside does not need to be replaced.

DRYOUT™ can be used indefinitely.
