The Jank Shank fixed blade knife from Toor Knives - a versatile and improved EDC companion, designed to take on any challenge.

Measuring an impressive 7.0 inches, the Jank Shank features a formidable 3.0 inch black oxide blade that excels in durability and performance. The 0.1875" blade thickness ensures strength and reliability in all situations. Precision crafted, the 4.0" textured black G10 handle provides an ergonomic and secure grip, allowing you to perform demanding tasks with confidence The updated frame design accommodates the new textured scale, elevating grip and control of the knife to unprecedented levels.

Although the textured scale increases weight slightly compared to the previous skeletonized version (2.4 oz to 6.3 oz), this improvement ensures better traction and handling even in the most demanding conditions.

- Total length 7.0" (18cm)
- Blade length 3.0" (7.62cm)
- Handle length 4.0" (10cm)
- Handle material Carbon fiber + G10
- M4 steel
- Blade thickness 0.1875" (0.5cm)
- Blade hardness 59-61 Rockwell
- Weight 3.6 oz (100g)

The Jank Shank Carbon Black comes with a low-profile FlexTech KYDEX® holster, meticulously designed to ensure a perfect fit and easy carry. Compatible with all five Toor mounts, the Jank Shank can be carried wherever you go.

Proudly made in the USA, the Jank Shank Carbon Black embodies Toor's dedication to craftsmanship and excellence. Its versatile design and remarkable performance make it the ideal EDC knife for enthusiasts and professionals alike, capable of tackling a wide range of tasks with ease

Technology :

- TDT: multiple heat treatment and non-oxygen thermal normalization and cryogenic finishing to harden external austenitic steel. The guarantee of an ultra regular molecular structure and maximum hardness.
- MicraCoat surface treatment: Maximum anti-corrosion protection thanks to a thermal multi-layer application. Minimal thickness for exceptional protection.
- Dynamic Fluting handle: a multiaxial sculpted structure which ensures both comfort in the hand and perfect grip of the knife.
