TK0015	FRONT Egress Carbon CPM S35VN knife - Black	D	12	25	295	694.00 € incl. tax

the ultimate tool for those who put everything on the line so others can live!

This knife was born out of a need for a reliable and versatile search and rescue blade. The Egress features a CPM S35VN blade, which is an extremely durable and wear-resistant steel. This is essential for search and rescue, where the blade may need to be used for long periods and in a variety of harsh conditions. CPM S35VN steel has excellent corrosion resistance, making it ideal for use in marine environments or other situations where the blade may be exposed to moisture. At 0.25" thick, the blade is tough and sturdy enough to handle heavy-duty cutting and drilling tasks, like sawing or cutting with the SERE hook, as well as drilling through difficult materials in an emergency with a new larger 0.25" diameter tungsten carbide replacement ball on pommel.

- Overall length: 9.625" (25cm)
- Blade length: 4.875" (12.3cm)
- Handle length: 4.75" (12cm)
- Handle material G10 or ebony
- CPM S35VN steel
- Blade thickness: 0.25" (0.64cm)
- Blade hardness 59-61 Rockwell
- Weight 10.6oz (295g)
