The Darter Tanto is a versatile premium blade that can withstand heavy use and piercing tasks, making it ideal for tactical situations where knife reliability is crucial.

Highlights of The Darter Tanto include the now-iconic reverse serrations on the spine, which provide an extremely sharp solution to fighting with the back of the knife. Additionally, the tanto blade shape provides strength and durability, and the sharp, angled tip is excellent for drilling through difficult materials. Its black G10 handle with red lining is machined with a texture that matches the iconic Haley Strategic dragonfly wing pattern, while providing excellent grip when wet.

Finally, a hole in the retention lanyard, thumb marks on the spine and blade tip, stainless steel Torx handle screws, black GunKote KG spray finish, and both company logos etched in laser on the blade help ensure that the Darter Tanto Shadow Black doesn't just look good. but is strong enough to tackle any task.
