TK0009	Overlord Shadow Black CPM 154 - Black	D	11.43	24	207	712.00 € incl. tax

Ideal choice for airborne operations and demanding missions!

With an overall length of 9.2" and a blade length of 4.5", the Overlord is the standard for the airborne community. Featuring a CPM 154 steel blade and tanto style tip, the Overlord is ideal for stabbing or forcing. The sharp edge is optimal for slicing or cutting through difficult objects, while allowing you to sharpen the entire blade.

Whether used to cut static lines for towed paratroopers or to use the blade edge during ground operations, the blade's fluted edge proves to be an optimal addition to the Overlord, increasing the capabilities of the war fighter in all missions. The grip pays homage to traditional battlefield stickers over the past 100 years. Individual finger grooves are meticulously machined into the G10 to provide a slip-free grip with or without gloves.

- Total length: 23.37 cm
- Blade length: 11.43 cm
- Handle length: 11.94 cm
- Handle material: G10
- Steel: CPM 154
- Blade finish: KG Gunkote
- Blade thickness: 4.76 mm
- Blade hardness: 59-61 Rockwell
- Weight: 207g
- FlexTech KYDEX® sheath included

The sheath and strap retention system is extremely tight and flush to the skydiver's leg, allowing for an extremely smooth pull. Equipped with 1.5" mounting hardware and industrial neoprene elastic straps, this blade is ready for that ankle-breaking PLF. Once you've hit the ORP and have some downtime , quickly switch your leg mount to a MOLLE mount (not included) to wear on your gear.

Technology :

- TDT: multiple heat treatment and non-oxygen thermal normalization and cryogenic finishing to harden external austenitic steel. The guarantee of an ultra regular molecular structure and maximum hardness.

- MicraCoat surface treatment: Maximum anti-corrosion protection thanks to a thermal multi-layer application. Minimal thickness for exceptional protection.
- Dynamic Fluting handle: a multiaxial sculpted structure which ensures both comfortable handling and perfect grip of the knife.
