The Kimber Custom TLE II combines ruggedness, precision and tactical design, ideal for sport shooting and personal defense.

Designed to meet the demands of professionals, the Kimber Custom TLE II is a .45 ACP caliber semi-automatic pistol. Its stainless steel frame, Match Grade barrel and precise trigger provide flawless performance. Equipped with G10 butt plates and a fiber optic front sight, it guarantees a firm grip and rapid target acquisition.

Technical characteristics:

- **Caliber:** .45 ACP
- **Total length:** 218 mm
- **Barrel length:** 127 mm (5 inches)
- **Slide Material:** Stainless steel with matte black finish
- **Body material:** Stainless steel
- **Sight:** Fiber optic front and fixed rear sight
- **Magazine capacity:** 7 rounds
- **Handle:** Ultra-grip G10 pads
- **Weight:** 1105 g
- **Trigger:** Match Grade, factory preset
- **Safety:** Handle safety and slide safety

The Kimber Custom TLE II is designed for shooters who want a handgun that is both high-performance and stylish. Inspired by the needs of law enforcement, this model combines modern technology with the classic design of the 1911 pistol.

Superior Shooting Performance

The Custom TLE II is equipped with a Match Grade barrel that ensures exceptional accuracy, even over long distances. Its light and precise trigger improves the consistency of shots, a valuable asset for competitions or tactical situations.

Robust construction

Made from stainless steel, this pistol is built to last. Its matte black finish reduces unwanted glare and provides greater stealth in the field. The hand-tuned slide ensures smooth, reliable operation.

Optimal Ergonomics

G10 grip plates provide perfect grip, even in wet conditions. Ambidextrous safety and grip safety ensure safe and intuitive handling.

Tactical Aiming System

The Kimber Custom TLE II features a fixed rear sight and fiber optic front sight, making target acquisition easy, even in low-light environments.
