A compact and powerful silencer

The **STALON VR** is a specialist in **small calibers** . With its compact and lightweight design, it offers acoustic performance comparable to that of much larger models. Its noise reduction reaches **34 dB in .223 caliber** , guaranteeing hearing comfort and effective recoil reduction.

Design optimized for precision

Its **over-barrel telescopic** design limits the weapon's extension to 139 mm while ensuring **balanced weight distribution** . Its tapered diameter (41.5–38 mm) allows for seamless integration with the rifle, particularly on long-range shooting models.

Compatibility and versatility

The STALON VR covers a wide range of modern calibers from .223 to 6.5 Creedmoor. Its multiple threads ensure easy adaptation to most rifles.

- **Compatible calibers:** max .223 and max 6.5 mm
- **Threads:** M12x1 to M18x1, 1/2x20, 1/2x28, 5/8x18, 5/8x24
- **Total length:** 191 mm
- **Weight:** approx. 235 g
- **Attenuation:** up to 34 dB (.223)

STALON Technology and Durability

Constructed from **high-quality anodized aluminum** , reinforced with a **stainless steel core** and **heavy-duty threading** , the VR combines lightness and strength. Its matte black finish with a central gold ring gives it a modern and professional aesthetic.

The choice of demanding hunters and shooters

Lightweight, efficient, and compact, the **STALON VR** is perfect for hunting and precision shooting. It guarantees a comfortable shooting experience without sacrificing accuracy or maneuverability.
