A silencer designed for modern semi-automatics

The **STALON VR-Venti** is designed specifically for gas-operated systems like the **AR-10** and **AR-15**. Its exclusive **Venti** technology effectively reduces gas pressure, eliminating backfire and reducing blowback, a common problem on semi-automatic weapons.

Compact, lightweight and practical

With only **191 mm in overall length** and a featherweight of **233 g**, the VR-Venti ensures **perfect balance** of the weapon, even during prolonged firing. Its tapered forend (41.5–38 mm) facilitates its integration with

**modern handguards** , while preserving maneuverability.

Specially optimized for calibers .223 to 6.5 Creedmoor

This silencer offers an impressive sound attenuation of **28.5 dB** in .223 caliber, while remaining perfectly suited to calibers up to **6.5 Creedmoor** . It thus improves **hearing comfort** and effectively reduces recoil.

- **Compatible threads:** 1/2x28 and 5/8x24
- **Barrel length:** 139 mm
- **Length covering the barrel:** 50 mm
- **Durability:** Premium anodized materials and stainless steel
- **Use:** sport shooting, modern semi-automatic weapons

STALON technology and robustness

Made from **high-quality anodized aluminum** , with a **stainless steel core** and **reinforced threads** , the VR-Venti combines lightness and durability. Its matte black finish, enhanced by a central gold ring, gives it a sleek and professional look.

The perfect choice for demanding shooters

With its modern design and acoustic performance, the **STALON VR-Venti** is the ideal partner for sport shooters using **AR-15 or AR-10 rifles** . Reliable, compact and innovative, it represents the perfect balance between **performance, comfort and design** .
