The Steyr AUG A3 Z QCB/SR Flat Top is a .223 Remington caliber semi-automatic rifle featuring a 417mm barrel and a Picatinny rail for ultimate customization.

The Steyr AUG A3 Z QCB/SR Flat Top is the civilian version of the famous Austrian assault rifle, featuring a bullpup design that allows for a reduced overall length without compromising barrel length. Equipped with a Picatinny rail (Mil. Std. 1913), it allows for the rapid installation of various optics according to the shooter's preferences. Its cold-hammered and chrome-plated barrel ensures exceptional accuracy and increased durability. The QCB (Quick Change Barrel) configuration allows for rapid barrel changes, providing additional flexibility for different shooting situations.

Technical characteristics:

The Steyr AUG A3 Z QCB/SR Flat Top stands out with its advanced technical features, offering users a superior shooting experience. Its bullpup design allows for better handling while maintaining an optimal barrel length for accuracy.

The integrated Picatinny rail provides a versatile platform for mounting optics and accessories, allowing for customization to the shooter's specific needs. The 417mm cold-hammered and chrome-plated barrel ensures increased durability and accuracy, even during extended shooting sessions.

The standard magazine capacity is 9 rounds, with options for higher capacity magazines available separately, subject to legal compliance. The Quick Change Barrel (QCB) system provides additional flexibility, allowing the shooter to quickly adapt to different operational requirements.

Additionally, the ergonomic design and balanced weight distribution make this rifle comfortable to use, even during extended shooting sessions.
