The Gamo HPA Mi Jungle is a 24 joule tactical air rifle, equipped with a silenced Whisper Maxxim barrel and a jungle brown polymer stock.

The Gamo HPA Mi Jungle is a 24 joule tactical air rifle, equipped with a silenced Whisper Maxxim barrel and a jungle brown polymer stock. This innovative rifle incorporates IGT (Inert Gas Technology), replacing the traditional spring with a pneumatic piston, providing consistent power and reducing vibration. It also features a two-stage adjustable CAT trigger, an SWA recoil dampener and an adjustable cheek piece for optimal comfort. The folding tactical bipod provides increased stability when shooting, and the 3-9x40WR1PM scope ensures remarkable accuracy.

The Gamo HPA Mi Jungle stands out for its tactical design and superior performance. The Whisper Maxxim barrel significantly reduces noise, ideal for discreet shooting sessions. IGT technology ensures constant power and reduced vibration, improving accuracy. The customizable CAT trigger allows for precise adjustment in two stages, providing a tailored shooting experience. The SWA recoil dampener and adjustable cheek piece ensure optimal comfort, even during long shooting sessions. The folding tactical bipod provides increased stability, transforming any environment into a stable shooting spot. The 3-9x40WR1PM scope allows you to get closer to the target, ensuring increased accuracy.
