Ensure stable and reliable installation of your night vision and thermal devices with the PARD MT2 mount, compatible with FD1, FT32, NV008S and SA32/62 series.

The PARD MT2 mount is designed to provide a solid and durable attachment of your PARD optics. Its compatibility with the FD1, FT32, NV008S and SA32/62 series guarantees a perfect fit to your equipment. Made with high-quality materials, it ensures optimal resistance to the most demanding conditions, while maintaining the precision of your devices.

Technical characteristics:

- **Compatibility** : PARD FD1, FT32, NV008S and SA32/62 series
- **Material** : High quality metal alloy
- **Mounting Type** : Standard mount for night and thermal vision devices
- **Dimensions** : Suitable for compatible series models
- **Weight** : Light so as not to weigh down the equipment
- **Installation** : Simple and quick, without the need for specialized tools

The PARD MT2 mount stands out for its easy installation and wide compatibility with FD1, FT32, NV008S and SA32/62 series devices. Its robust design ensures secure fixation, even in harsh environments, ensuring the stability and precision of your optics. In addition, its ergonomic design facilitates assembly and disassembly, providing an optimal user experience.
