OR50MT5	Pard montage amovible MT5 diam.30mm	Vente libre	206.00 € incl. tax

Optimize the installation of your night vision and thermal devices with the PARD MT5 mount, designed for stable fixation and quick assembly/disassembly.

The PARD MT5 mount is a universal solution for devices with 30 mm diameter tubes. Compatible with models such as the PARD DS35, TS31, TS32 and the TD32 multispectral series, it ensures a stable and durable installation. Its quick-release mechanism allows for efficient assembly and disassembly, ideal for smooth transitions in the field.

Technical characteristics:

- **Compatibility** : Devices with 30mm tubes including PARD DS35, TS31, TS32 and TD32 series
- **Mounting Type** : Quick Release Mount
- **Material** : Corrosion-resistant metal alloy
- **Dimensions** : Suitable for 30 mm tubes
- **Weight** : Lightweight for easy handling
- **Installation** : Simple and quick, without the need for specialized tools
- **Durability** : Rugged design for use in demanding conditions
- **Additional functionality** : Allows quick transitions between different devices

The PARD MT5 mount features a robust construction made of corrosion-resistant metal alloy, ensuring increased durability even in demanding conditions. Its intuitive design makes installation easy without the need for specialized tools, providing an optimal user experience. In addition, its compatibility with a wide range of night and thermal vision devices makes it a versatile choice for professionals and enthusiasts.
