Ideal for carrying handguns, knives, fragile tools.

The POWER CASE 1862 waterproof hard case is designed for the transport and protection of your shooting weapons. Its robust structure in reinforced polypropylene guarantees exceptional resistance, even in difficult conditions. The interior foams of the Power Case hard cases offer a customizable solution for the secure transport of your handguns. Made of high-quality polyurethane (PE) foam, they are designed to absorb shocks and keep your equipment perfectly in place.

Technical characteristics:

- **Weight (empty)** : 3.85 kg
- **Waterproofing** : IP67 certification (water and dust)
- **Material** : Glass fiber reinforced polypropylene
- **External dimensions** : 47.90 x 41.50 x 15.00 cm
- **Internal dimensions** : 44.60 x 34.50 x 12.10 cm
- **Locks** : 2 heavy duty compression locks
- **Security** : Reinforced eyelets for padlocks (diameter 8 mm)
- **Resistance** : Shockproof, anti-corrosion, chemical resistant
- **Air transport** : Integrated decompression valve that complies with cabin standards
- **Temperature range** : -40°C to +90°C

The POWER CASE hard case is designed to meet the needs of sports shooters, hunters and firearms enthusiasts. Ideal for transporting your handguns (pistols or revolvers), it combines robustness, waterproofness and security.

Made from fiberglass-reinforced polypropylene, the POWER CASE is resistant to impact, chemicals, and harsh environmental conditions. With an IP67 rating, it protects your weapons from water, dust, and the elements. It also features a pressure relief valve to regulate pressure, a valuable asset when traveling by air.

The case is equipped with two robust compression locks and reinforced padlock eyelets (8 mm diameter), providing enhanced protection against theft. Its interior design allows for optimal storage of handguns and their accessories, such as magazines and cleaning kits.

Its lightness and compactness make it a practical solution for travel. It withstands extreme temperatures from -40°C to +90°C, ensuring maximum reliability whatever the conditions. Whether you are competing, training or traveling, the POWER CASE ensures uncompromising protection for your handguns.

Power Case hard case interior foams provide a customizable solution for the secure transport of your handguns. Made of high-quality polyurethane (PE) foam, they are designed to absorb shock and keep your equipment perfectly in place.

These foams include several specific layers:

- **The top layer** : A corrugated foam that protects and holds the contents firmly against the lid of the case.
- **The base layer** : A thin padding placed under the main foam to avoid any direct contact with the shell of the case.
- **Pick & Pluck Foam** : A customizable layer made of pre-cut cubes that allow you to adjust the interior space to precisely fit your pistols, revolvers or accessories.
