### A case designed to protect your weapons or sensitive equipment.

Transport and protect your equipment with the Power Case, designed for total customization thanks to its innovative "Pick & Pluck" foam.

- Interior dimensions: 51 x 28.5 x 21 cm
- Useful volume: 30.5 l - Waterproof IP67
- 4 closures + 2 padlocking points.
- Carrying handle, wheels and telescopic rolling handle.

The POWER CASE 54.8 cm hard case is ideal for transporting your long guns safely. Designed with robust materials and certified IP67 waterproof, it is shock, dust and water resistant. Equipped with an interior with adjustable "Pick & Pluck" foam, it allows optimized storage adapted to your equipment. With its solid locks, padlock eyelets and decompression valve, this case combines protection and practicality for demanding shooters.

Technical characteristics:

- **Weight (empty)** : To be confirmed depending on the version
- **External dimensions** : 54.8 x 34.7 x 23.6 cm
- **Interior dimensions** : To be confirmed depending on the version
- **Interior capacity** : Variable depending on the contents (customizable foam)
- **Material** : Glass fiber reinforced polypropylene
- **Waterproof** : IP67 certified (protection against water and dust)
- **Locks** : Heavy duty compression locks (x4 or x6 depending on model)
- **Security** : Reinforced eyelets for padlocks (diameter 10 mm)
- **Internal foams** : "Pick & Pluck" foam layers, corrugated foam and protective base
- **Air travel** : Built-in pressure relief valve, suitable for air travel
- **Resistance** : Shockproof, anti-corrosion, chemical resistant
- **Operating temperature** : -40°C to +90°C

The POWER CASE 21.6" Hard Case is the perfect accessory for sport shooters, hunters or professionals looking to protect their long guns during transport. With exterior dimensions of 21.6" x 13.75" x 9.3", this compact and durable case is designed to fit a wide variety of equipment.

Its interior incorporates layers of "Pick & Pluck" polyurethane (PE) foam, allowing you to create a custom storage for your weapons and accessories. The upper foam, with its wavy design, secures the contents against the lid, while a thin base foam effectively protects against shocks and direct contact with the bottom of the case.

The structure of this case is made of fiberglass-reinforced polypropylene, giving it exceptional robustness. Waterproof IP67, it protects your equipment from water and dust, even in the most demanding environments. It is equipped with robust compression locks and reinforced padlock eyelets (diameter 10 mm), guaranteeing optimal security against theft or accidental opening.

Its integrated pressure relief valve facilitates air transport by balancing the internal pressure, essential for protecting your equipment during air travel. This case is also designed to withstand extreme temperatures ranging from -40°C to +90°C, making it perfectly suited to harsh climates and difficult terrain.

Lightweight, practical and stackable, the POWER CASE 54.8 cm is a complete solution for transporting your long weapons or sensitive equipment while ensuring their optimal protection.
