Ideal for transporting & protecting long weapons.

Transport and protect your equipment with the Power Case, designed for total customization thanks to its innovative "Pick & Pluck" foam.

- Internal dimensions: 122 x 23 x 10 cm
- Useful volume: 28.06 l - Waterproof IP67
- 4 closures + 2 padlocking points.

The **Power Case range** is distinguished by its high-quality waterproof hard cases, designed to transport and protect your equipment in the most demanding conditions. Each case is supplied with layers of polyurethane (PE) foam "Pick & Pluck", a unique system that allows you to easily customize the interior according to your specific needs.

Characteristics of the foam layers:

Top layer:
Placed in the lid of the case, this "wave" foam holds objects firmly while absorbing vibrations and shocks.

"Pick & Pluck" customizable layer:
With its 10 mm² pre-cut cubes, this foam allows precise cutting to create compartments adapted to your equipment. The cubes are surrounded by a non-removable border, guaranteeing a solid and reliable structure.

Base layer:
A thin layer of foam at the bottom of the case protects the equipment from direct impacts with the hard bottom.

Protection and customization:

Power Cases are designed to withstand the most demanding environments. Waterproof and dustproof, they offer optimal protection against the elements while allowing for a custom interior layout. Whether for weapons, sensitive tools or electronic equipment, these cases guarantee you total security.
