A premium titanium silencer for .30 caliber

The **ERA STI 3D** is specially designed for demanding hunters and shooters who are looking for **the best noise reduction without compromising on handling**. With a measured attenuation of up to **33 dB**, it is among the best performers in its category.

Innovative and robust design

Machined from **grade 5 titanium**, the STI 3D combines lightness with extreme strength. Its **integrated stainless steel mesh** optimizes gas dispersion, eliminating the **"first-round-pop"** phenomenon and effectively reducing recoil.

Shooting comfort and accuracy

The **over-barrel** design reduces bulk by limiting the weapon's extension. The featherweight of **328g** ensures perfect balance, even during long sessions. **Recoil and muzzle flash** are significantly reduced, ensuring a more comfortable and discreet shot.

A premium choice for modern hunters

The ERA STI 3D silencer combines the **most advanced technology** with a robust and lightweight construction, making it the ideal ally for stalking hunters, stalkers and precision shooters.

With the **ERA STI 3D** , you are choosing a **reliable, powerful and durable** sound moderator, designed to accompany your outings discreetly.
