The FALKE B5X offers **5x magnification** for improved target acquisition at medium distances. Its **tilting 21 mm Picatinny rail mount** allows you to instantly switch from a magnified to a standard sight. The **adjustable intermediate plate** ensures perfect adaptation to the optical axis of the main sight, guaranteeing optimal alignment and maximum comfort.

Its rugged design makes it resistant to shocks and extreme conditions. The  **$\pm 40$  MOA adjustment range** allows for precise adjustments, while the **adjustable focus** improves image clarity and sharpness.
