A quick-mount sound suppressor on the A2 muzzle brake of an AR15

The **SAI M80 5.56 cal.** is a quick-release silencer on an A2 flash suppressor, specifically designed for AR15-type assault rifles. Robust and NATO-certified, it offers effective noise reduction while ensuring reliability and accuracy.

- **Type:** Quick-release (QD) sound moderator
- **Noise reduction:** approximately 20 dB
- **Compatibility:** AR15 - 5.56 / .223 Rem caliber
- **Material:** Steel with steel baffles and black Corr-i-dur coating
- **Length:** 120 to 190 mm
- **Diameter:** 40 to 50 mm
- **Weight:** 450 to 630 g

A silencer designed for operation

The **SAI M80** was developed to meet the needs of armed forces and demanding shooters. Thanks to its **lock & twist** mounting system, it installs directly onto the standard NATO A2 flash suppressor, without tools or modification of the weapon. A quick and reliable solution for equipping an **AR15** or any compatible assault rifle.

Military efficiency and robustness

Machined entirely from **Corr-i-dur treated steel**, the M80 withstands the most extreme conditions. Whether in tropical heat, desert dust or the freezing cold of the mountains, it ensures consistent and durable performance. Its **20 dB noise reduction** helps limit the acoustic signature during operations in urban areas or in close combat.

Designed for Close Quarter Combat

The SAI M80 is optimized for **close-quarters shooting**, where the weapon's compactness is essential. With an overall length ranging from 120 to 190 mm, it allows for a maneuverable weapon without compromising sound efficiency. Its design also improves the **accuracy of short-barreled assault rifles**, a major asset for tactical missions.

Secondary characteristics

- **Certification:** NATO use, full auto compatible
- **Mounting:** QD system on A2 flash suppressor
- **Durability:** suitable for military firing rates
- **Finish:** Durable matte black anodizing
- **Environment:** tropical, desert and polar

A strategic choice for demanding shooters

Choosing the **SAI M80** means choosing a sound moderator that is **versatile, robust and quick to install**. Designed for combat conditions, it offers a perfect balance between sound efficiency, compactness and reliability.
