OR4AC11	Pard Shot cam ACTION	Vente libre	449.00 € incl. tax

Ultra-precise 4K camera to immortalize your best hunting actions.

The PARD Action digital camera records in 4K with an ultra-high-definition CMOS sensor (3840x2160 px). It allows you to accurately capture every key moment thanks to its 2x zoom and real-time Wi-Fi connectivity. Powered by a rechargeable 18650 battery, it offers up to 6 hours of battery life. Rugged and waterproof (IP67), it is designed to withstand recoil up to 6000 J.

- **Sensor** : CMOS, 3840x2160 px
- **Digital zoom** : 2x
- **Photo resolution** : 3840x2160 px
- **Video resolution** : 3840x2160 px
- **Frame rate** : 30 / 60 / 120 fps
- **Battery** : Rechargeable Lithium-Ion 18650
- **Battery life** : up to 6 hours
- **Recoil resistance** : up to 6000 J
- **Protection index** : IP67
- **Connectivity** : Wi-Fi, USB-C

The **PARD Action dash cam** is designed for hunters and shooters who want **to capture their shots and footage in ultra high definition** . Compact, powerful and durable, it incorporates the latest video and connectivity technologies so you don't miss a thing during your shooting or hunting sessions.

A picture with 4K precision

Equipped with a **3840x2160 px CMOS sensor** , the PARD Action delivers ultra-detailed images. It captures over 8 million pixels, making it easy to identify subtle details like small game hidden in dense vegetation or human silhouettes at long distances.

Digital zoom and image smoothness

With a **2x digital zoom** , you can zoom in and out without any significant loss of quality. The camera offers three recording modes: **30, 60, or 120 frames per second** , for smooth, seamless recording, even during fast-moving or intense action.

Autonomy and robustness adapted to the terrain

The PARD Action is powered by a **rechargeable 18650 Lithium-Ion** battery, providing **up to 6 hours of battery life** . Designed for extreme conditions, it is **waterproof (IP67 standard)** and **resistant to recoil up to 6000 J** , making it compatible with the majority of calibers used in hunting.

Real-time connectivity

Thanks to its **Wi-Fi connection** , the camera can be synchronized with a smartphone for **live viewing** or **fast video transfer** . It also has a **USB-C port** for fast and reliable charging or transfer.

This **new generation** camera combines **video performance, mechanical robustness and digital ergonomics** to meet the expectations of passionate hunters or professional shooters wishing to document and analyze their shots with precision.
