- **Length:**

The **PARD Action dash cam** is designed for hunters and shooters who want **to capture their shots and footage in ultra high definition** . Compact, powerful and durable, it incorporates the latest video and connectivity technologies so you don't miss a thing during your shooting or hunting sessions.

A 4K-precise image

Equipped with a **3840x2160 px CMOS sensor** , the PARD Action delivers ultra-detailed images. It captures over 8 million pixels, making it easy to identify subtle details like small game hidden in dense vegetation or human silhouettes from long distances.

Digital zoom and image fluidity

With a **2x digital zoom** , you can zoom in and out without any major loss of quality. The camera offers three recording modes: **30, 60, or 120 frames per second** , for perfect fluidity, even during fast movements or intense action.

Autonomy and robustness adapted to the terrain

The PARD Action is powered by a **rechargeable 18650 Lithium-Ion** battery, providing **up to 6 hours of battery life** . Designed for extreme conditions, it is **waterproof (IP67 standard)** and **resists recoil up to 6000 J** , making it compatible with the majority of calibers used in hunting.

Real-time connectivity

Thanks to its **Wi-Fi connection** , the camera can be synchronized with a smartphone for **live viewing** or **fast video transfer** . It also has a **USB-C port** for fast and reliable charging or transfer.

This **new generation** camera combines **video performance, mechanical robustness and digital ergonomics** to meet the expectations of passionate hunters or professional shooters wishing to document and analyze their shots with precision.
