Fearsome accuracy and rapid fire in 1911 format

Inspired by the legendary Colt 1911, this .22LR semi-automatic pistol is designed for demanding sport shooters. It comes ready to use with a red dot sight, compensator, and wooden grip.

- **Caliber:** .22 LR HV
- **Capacity:** 15 shots
- **Trigger:** Adjustable single action with trigger stop
- **Accessories included:** Compensator, Mauser red dot, removable Picatinny rail
- **Handles:** Walnut plates
- **Total length:** 218 mm (without compensator) / 261 mm (with)
- **Weight:** 1070 g
- **Barrel thread:** M9x0.75

Designed for sport shooting enthusiasts looking for a **high-performance and versatile .22LR pistol** , this complete set stands out for its immediate handling, its manufacturing quality and its standard equipment. Ideal for improving your accuracy while maintaining the responsiveness of a **1911 platform** , it is aimed at both experienced shooters and demanding professionals.

A .22LR pistol designed for sporting performance

Ideal for **range shooting** , this pistol combines the iconic silhouette of the 1911 with modern technologies for a smooth, accurate and fast shooting experience. The presence of a **pre-mounted Mauser red dot** (3 MOA) allows for immediate target acquisition, while the **removable compensator** significantly reduces felt recoil.

Ergonomics optimized for competition

Thanks to an **enlarged magazine well** (jet funnel), magazine changes become faster and more instinctive, a real asset in dynamic shooting. The **adjustable trigger** with a weight between 1,900

and 2,500 g and an integrated **trigger stop** allow for flawless responsiveness.

High-end construction

The **CNC-machined aluminum** receiver offers strength and precision, complemented by a metal slide and a steel rifled barrel. The **walnut stock plates** add a touch of refinement rare in this category.

Compatible and customizable

The pistol is equipped with a standard M9x0.75 **barrel thread** , allowing the adaptation of a sound moderator or an additional muzzle brake. The removable Picatinny rail allows the installation of other optics compatible with the **Shield RMS-c standard** .

- **Sight:** 3 MOA Auto-Adjusting Red Dot
- **Elevation/Lateral Adjustment Range:** 45 MOA
- **Power supply:** CR2032 battery
- **Barrel length:** 127 mm
- **No scratches:** 406 mm, 6 scratches
- **Materials:** Metal slide, aluminum frame, steel barrel
- **Finish:** Matte black, contrasting grain
