- **External dimensions:** 123.5 x 26.5 x 11 cm
- **Internal dimensions:** 120 x 22.5 x 5 cm
- **Weight:** 3.1 kg
- **Material:** High-strength polypropylene
- **Waterproofing:** IP67 standard
- **Operating temperature:** -10°C to +90°C
- **Inner foam:** 3 layers including customizable Pick & Pluck
- **Closure:** Safety clips + locking area
- **Pressure relief valve:** Yes (air transport)

The ideal solution to protect your long weapons

This Power Case is designed for the **secure transport** of a **long weapon** or any fragile equipment requiring **reinforced protection** . Its 1235 mm format allows it to accommodate bolt-action rifles, semi-automatic carbines or tilting barrel weapons, with their mounted accessories.

Robust construction and certified waterproofing

The **injected polypropylene** body is designed to resist **shock** , **crushing** and **corrosion** . Its **ethylene-propylene seal** guarantees **IP67 sealing** , protecting the contents against water and dust, even in extreme conditions. The integrated **pressure relief valve** allows safe use in **air transport** .

Pick and Pluck Foam for Custom Arrangements

This case includes three layers of **protective foam** :

- **Top layer:** wave foam for shock absorption

- **Middle layer:** Pick & Pluck foam with 10 x 10 mm pre-cut cubes
- **Bottom layer:** thin absorbent bottom foam

Designed for professionals and demanding shooters

Thanks to its **reinforced structure** and **secure closures** , this case can be used for the **regulatory transport of firearms** , long-term storage or the movement of electronic or optical equipment. Compact, reliable and customizable, it adapts to all your needs in the field.
