Maximum protection and tailor-made layout for your sensitive equipment.

Designed for shooting professionals and sensitive equipment, this Power Case hard case offers premium protection and full customization.

- **External dimensions:** 42 x 37 x 10 cm
- **Internal dimensions:** 38.5 x 31 x 6
- **Weight:** 1.9 kg
- **Material:** Polypropylene with ethylene-propylene gasket
- **Waterproofing:** IP67 standard (water and dust)
- **Inner foam:** "Pick & Pluck" polyurethane
- **Pressure relief valve:** for air transport
- **Operating temperature:** from -10°C to +90°C

A case designed for the security of your sensitive equipment

Designed for gunsmiths, sport shooters, or technical equipment professionals, this rigid storage solution provides **complete protection** against shock, humidity, dust, and pressure variations. Thanks to its **modular interior foam** , each user can adapt the layout to their specific needs, whether for handguns, optics, or on-board electronics.

A robust and standardized design

The high-density **polypropylene** structure is reinforced by a **waterproof ethylene-propylene seal** , guaranteeing IP67 waterproofing, even in extreme conditions. The **automatic pressure relief valve** allows use in aircraft without risk to the contents.

Tailor-made organization with Pick & Pluck

Pick & Pluck foam consists of **pre-cut 10mm² cubes** surrounded by a fixed border for optimal support. This system allows you to create precise compartments for each piece of your equipment.

- **Top layer:** wave foam for support and vibration absorption

- **Center layer:** pre-cut Pick & Pluck foam to customize
- **Bottom layer:** thin protective base foam

Perfect for **business travel** or secure storage in a gun shop, this case combines technology, design and ergonomics to protect your most valuable equipment.
