- **weight:** 3.1 kg without sights
- **coating:** Cerakote black anodized
- **stock:** Magpul STR Stock
- **Grip:** Magpul MOE Grip
- **magazine:** Magpul PMAG 10 rounds
- **Optics:** Falke JAGD 1-6x24 HD scope (L4 reticle, SFP focal plane)
- **Mounting:** Monobloc Primary Arms 30 mm AR15
- **Case:** Power Case 118.9 x 40.5 x 16 cm, IP67 standard

AERO PRECISION M4E1 Carbine

Built on a reinforced upper receiver, the AERO PRECISION M4E1 semi-automatic rifle offers rigidity and accuracy thanks to its 18-inch free-floating barrel. The Mid-Length gas system ensures smooth recoil and increased reliability on the firing line. Magpul parts (STR stock and MOE grip) improve ergonomics and comfort.

- **Barrel:** 46 cm at 1:7" pitch
- **total length:** 85 cm
- **Barrel thread:** 1/2x28 TPI with A2 flash suppressor
- **Throttle:** Mid-Length 9" (22.86 cm)
- **mobile assembly:** Bolt Carrier Group 8620 steel, phosphate finish

Falke JAGD 1-6x24 HD Scope

Compact and rugged, this second focal plane (SFP) scope features an illuminated L4 reticle, ideal for dynamic shooting and short to medium ranges. The wide field of view facilitates rapid target acquisition, with adjustments protected by screw-on caps.

- **Magnification:** 1x to 6x
- **Objective diameter:** 24 mm
- **Click Adjustment:** 1/2 MOA
- **Windage/Elevation Adjustment:** 120 MOA
- **Focal plane:** Second focal plane
- **Length:** 275.6 mm
- **Weight:** 510 g

Primary Arms Monobloc Mounting

The one-piece black anodized aluminum mount ensures a stable attachment of the scope to a Picatinny rail. Its offset design is designed for LPVO (low variable magnification) optics, ensuring optimal positioning on the AR15.

Power Case IP67

This high-strength polypropylene case effectively protects the rifle and its accessories. Waterproof and dustproof (IP67 standard), it includes three layers of foam, including a Pick & Pluck layer for a custom fit. The pressure relief valve also facilitates air transport.

Canon 4150 Chrome Moly Vanadium

A special steel with a high carbon and chrome-molybdenum content, 4150 CMV is renowned for its mechanical strength and temperature resistance. Ideal for repeated firing, it guarantees increased barrel durability.

Cerakote coating

Cerakote is a ceramic surface treatment applied to weapons to enhance resistance to corrosion, scratches, and wear. This coating also provides a consistent and durable aesthetic finish.
