SKU	Designation	French Law	Length (cm)	Width (cm)	Height (cm)	Weight (g)	MSRP
MAL051	Handgun case 33x25.5x12cm	Vente libre	33	25.5	12	1200	50.00 € incl. tax

Ideal for carrying handguns, optics or fragile instruments.

Transport and protect your equipment with the Power Case, designed for total customization thanks to its innovative "Pick & Pluck" foam.

- Interior dimensions: 22.5 x 18 x 8 cm.
- Useful volume: 3.2 l - Waterproof IP67 with pressure relief.
- 2 closures + 2 padlocking points.

The POWER CASE waterproof hard case is designed to transport and protect your shooting weapons and rifle scopes. Its robust reinforced polypropylene construction ensures exceptional resistance, even in harsh conditions. The Power Case hard case's interior foam provides a customizable solution for the secure transport of your handguns. Made of high-quality polyurethane (PE) foam, it is designed to absorb shock and keep your equipment securely in place.

Technical characteristics:

- **Weight (empty)** : 1.2 kg
- **Waterproofing** : IP67 certification (water and dust)
- **Material** : Fiberglass reinforced polypropylene
- **External dimensions** : 33 x 25.5 x 12 cm
- **Internal dimensions** : 29 x 18 x 8 cm
- **Locks** : 2 heavy-duty compression locks
- **Security** : Reinforced eyelets for padlocks (diameter 8 mm)
- **Resistance** : Shockproof, anti-corrosion, chemical resistant
- **Air transport** : Integrated pressure relief valve that meets cabin standards
- **Temperature range** : -40°C to +90°C

The POWER CASE hard case is designed to meet the needs of sport shooters, hunters, and firearms enthusiasts. Ideal for transporting your handguns (pistols or revolvers), it combines strength, waterproofing, and security.

Made of fiberglass-reinforced polypropylene, the POWER CASE is resistant to impact, chemicals, and harsh environmental conditions. Its IP67 rating protects your weapons from water, dust, and the elements. It also features a pressure relief valve to regulate pressure-a valuable asset during air travel.

The case is equipped with two robust compression latches and reinforced padlock eyelets (8 mm diameter), providing enhanced protection against theft. Its interior design allows for optimal storage of handguns and their accessories, such as magazines and cleaning kits.

Its lightweight and compact design make it a practical solution for travel. It withstands extreme temperatures from -40°C to +90°C, ensuring maximum reliability in all conditions. Whether you're competing, training, or traveling, the POWER CASE provides uncompromising protection for your handguns.

The Power Case hard case interior foams offer a customizable solution for securely transporting your handguns. Made of high-quality polyurethane (PE) foam, they are designed to absorb shock and keep your equipment securely in place.

These foams include several specific layers:

- **The top layer** : A corrugated foam that protects and holds the contents firmly against the lid of the case.
- **The base layer** : A thin padding placed under the main foam to avoid direct contact with the case shell.
- **Pick & Pluck Foam** : A customizable layer of pre-cut cubes that allows you to adjust the interior space to precisely fit your pistols, revolvers, or accessories.
