DDZ0057	Daniel Defense MFR M-LOK QD Interface	Vente libre	8.5	M-Lok	117.00 € incl. tax

Quick and ambidextrous attachment for QD strap on MFR rail.

QD swivel sling mounting accessory, designed exclusively for Daniel Defense MFR rails.

- **Compatibility:** MFR rails, Omega rails and DELTA 5 stock
- **Construction:** Manganese phosphate-treated steel
- **Ambidextrous mounting:** Front and rear of the rail
- **Limited rotation:** Prevents the strap from winding
- **Weight:** 8.5 g
- **1/8" Allen key:** Included

Designed for professionals and enthusiasts looking for an effective and snag-free attachment of their QD sling, this accessory is a must-have for users of **Daniel Defense** platforms.

Optimal assembly and enhanced safety

Thanks to its **limited rotation system** , this QD mount prevents tangling, ensuring smooth weapon handling. Its **ambidextrous design** allows for mounting on the front or rear of the rail, on the left or right side, according to user preference.

Exclusive compatibility

This model is designed exclusively for **MFR** and **Omega** rails, as well as the Daniel Defense **DELTA 5 stock** . It is **not compatible** with **MFR XL** and **DD5** rails, nor with any other M-LOK systems on the market.

Robust and lightweight design

Made from **high-strength steel** with a **manganese phosphate** coating, this bracket withstands extreme conditions without adding unnecessary weight: only **0.3 oz** . Each bracket comes with a **1/8" Allen key** for quick installation.

- **Made** in the USA

- **Coating:** Anti-corrosion manganese phosphate
- **Installation:** Designated points front/rear left/right
- **Weight:** 8.5 grams (ultra-light)

FAQ

???? Is this QD mount compatible with all M-LOK rails?
No, it is **specifically designed** for the Daniel Defense MFR, Omega and DELTA 5 stock models. It is not compatible with other M-LOK rails.

???? Is it possible to mount it on both sides of the rail?
Yes, its design allows for **ambidextrous attachment** at the front and rear, left and right.

???? What is the difference with a standard QD binding?
This model offers **limited rotation** , which prevents the strap from wrapping around or hindering handling.

???? Does the assembly require any tools?
A **1/8" Allen key** is provided for installation. No additional tools are required.

???? Can it be used on a shotgun?
No, this mount is intended for **weapons equipped with Daniel Defense rails compatible with** rifle or tactical platform type.
