- **Mounting** : High Picatinny plate included – direct mounting
- **Adjustment** : 11 levels of light intensity
- **Protection** : Waterproof and dustproof
- **Base** : **Short 55mm Recknagel** – perfect for FAIR express
- **Sheath** : **BUFFALO black 122 cm** – lightweight, understated and practical

Designed for users of FAIR express rifles, this pack includes everything you need to equip and transport your firearm efficiently. The reliable and intuitive NIKKO STIRLING Flash 1x25 Japanese red dot sight is accompanied by a robust Recknagel base and a protective, discreet BUFFALO case.

#### A bright and reliable red dot

The NIKKO STIRLING Flash 1x25 is a Japanese-made red dot sight that delivers a sharp image and an extremely visible dot, even in bright daylight. Its aircraft-grade aluminum chassis ensures excellent resistance to shocks, water, and dust. With 11 brightness levels, it adapts to all conditions.

#### Direct mounting with Recknagel base

The short 55mm Recknagel base was chosen for its perfect compatibility with FAIR express sights. It allows for a secure and precise mounting, ensuring quick and reliable deployment of the red dot sight.

#### A suitable and elegant sheath

The BUFFALO 122cm case completes this package. Sleek and well-designed, it allows you to carry your double rifle with or without a scope mounted. Lightweight and robust, it effectively protects your firearm while facilitating your movements.

## FAQ

### Is the red dot compatible with all FAIR express rifles?

Yes, thanks to the short Recknagel base supplied, the red dot can be mounted on most FAIR express rifles equipped with a suitable rail.

### Can I store my express in the BUFFALO sheath?

No, the scabbard is designed for transport only. Prolonged storage may damage the bluing or nickel plating of the weapon.

**Is the intensity of the red dot adjustable?**

Yes, it has 11 levels of light intensity to adapt to all lighting conditions.
