The lighter version of the Guerini Avian, for fighters on the move and still with exceptional engraving.

Designed for active hunting, the **Caesar Guerini Avian** with **an Ergal receiver** offers a lighter alternative to the steel version. Equipped with a selective single trigger to adapt to all situations, **this over-and- under shotgun, available in 12, 20, 28, or .410 gauge,** retains all the charm, engravings, and high-end finishes **of the Avian range,** with a reduced weight for increased comfort.

- **Sighting rib** : Ventilated, parallel 7 mm
- **Rocker** : **Engraved Ergal - hunting finish**
- **Trigger** : **Selective single trigger or Double trigger**
- **Stock** : Half-pistol
- **Front** : Rounded

- **Barrel length** : 71 cm (28")
- **Stock length** : 375 mm (14.75")
- **Slope** : 37 mm (busk) / 57 mm (heel)
- **Weight** : lighter than the steel version
  - indicative value: approx. 2.9 to 3.0 kg in 12 gauge
  - Approximate value: 2.7 to 2.9 kg in 20 gauge

The **Caesar Guerini Avian Ergal 12/76** is the ideal solution for those seeking lightness without sacrificing elegance or reliability. With its Ergal receiver, it retains the lines of the steel version while gaining in maneuverability.

Engraved Ergal rocker: weight reduction, style retention

The Ergal receiver is machined with the same precision as the steel one, and features the same deep hunting engravings. Less dense than steel, it allows for a significant weight reduction, without compromising strength or aesthetic appeal.

Double or single trigger: the choice is yours

The model is offered with a smooth and modern **single selective trigger** , or a more classic and intuitive **double trigger** for those who prefer immediate barrel changes. The mechanism remains reliable, proven, and perfectly suited to the demands of hunting.

Natural balance and wearing comfort

With its light weight, the Avian Ergal is particularly well-suited to flat terrain, woodland edges, or long hikes. Its semi-pistol grip stock and rounded forend ensure a quick and natural handling.

A Guerini for active hunting

Light, responsive, refined: the Avian Ergal is an elegant answer to the needs of the hunter on the move, while retaining the DNA of a high-end shotgun.

FAQ

Is this model lighter than the steel version?

Yes, the Ergal rocker arm allows for a significant weight saving compared to steel, without altering mechanical performance.

What trigger mechanism is fitted to this rifle?

This model is available with either a single selective trigger or a double trigger, depending on your shooting preferences.

Does the rifle retain the same engravings as the steel version?

Yes, the "Avian" hunting engraving is identical on both types of action, with the same level of finish.

Is this a good choice for a casual getaway?

Absolutely. Its lightness and responsiveness make it a rifle perfectly suited to active or mobile hunting.
