| PEX55 | Pack kipplauf Fair 2.5-10X50 + colliers + embase + silencieux | Vente libre | 700.00 € incl. tax |

## The natural complement to your Kipplauf Fair: Versatility, comfort and precision combined in a complete package.

This **premium package for FAIR Kipplauf rifles** includes a **Microdot Fiber 2.5-10x50 scope** , a **Stalon X108 suppressor** , a **FAIR prismatic base** , and **angled Sports Match scope rings** . The complete set offers a sighting and sound reduction solution perfectly suited for both precision shooting and active hunting.

- **Scope** : **Microdot Fiber 2.5-10x50** - illuminated Mil-Dot reticle, AO parallax
- **Magnification** : 2.5x to 10x - bright 50mm objective
- **Body** : 30 mm tube - waterproof and shockproof anodized aluminum
- **Silent** : **Stalon X108 M14x1** - noise reduction up to 30 dB
- **Type** : telescopic, modular, compatible with calibers .223 to .375
- **Base** : **FAIR 150 mm** - 21 mm prism, 80.5 mm center distance
- **Collars** : **Sports Match angled 30 mm** - aircraft-grade alloy, Weaver mount

Additional pack, sold without the rifle.

Designed for hunters and shooters seeking well-balanced equipment, this package offers everything needed to fully utilize a FAIR Kipplauf shotgun. From precise aiming to effective noise reduction, every element has been selected to guarantee reliability, comfort, and efficiency.

### High-performance Microdot Fiber glasses

The Microdot Fiber 2.5-10x50 riflescope combines a fiber-optic **illuminated Mil-Dot reticle** , a **bright 50mm objective lens** , and **parallax adjustment (AO)** . It ensures excellent readability and precise adjustments at all distances. Its durable, nitrogen-purged aluminum body is designed for heavy-duty outdoor use.

### STALON X108 Silencer: Compact and Attenuating

Designed in Sweden, the STALON X108 is a **telescopic sound moderator** offering up to **30 dB of noise reduction** . It also reduces recoil and improves shooting stability. Its modular design allows

it to be adapted to different types of hunting. Made from high-quality materials (aluminum, stainless steel, titanium), it offers remarkable durability.

**Precise and secure assembly**

The pack includes a **FAIR 150mm base** with a 21mm prism (80.5mm mounting hole spacing), and a **pair of Sports Match rings** made of aircraft-grade aluminum. One angled ring and one straight ring ensure a perfect fit for the scope and firearm, for a stable and perfectly aligned mount.

**Compatibility and modularity**

The system is optimized for FAIR Kipplauf shotguns chambered in .308W, but accepts a wide variety of calibers thanks to the suppressor's design. Accessories are selected for their **mechanical reliability** and **intuitive assembly** .

**FAQ**

**Is this pack compatible with all FAIR Kipplauf models?**

Yes, the pack is designed to fit FAIR Kipplauf units equipped with an M14x1 thread and a 21mm prismatic rail. Check the center-to-center distance of your rail for compatibility.

**Is the STALON X108 silencer removable?**

Yes, its modular design allows for quick disassembly for maintenance or adding extensions. It is recommended to clean it after each shooting session.

**Is the reticle of the scope visible in bright light?**

Yes, the Mil-Dot reticle is illuminated by fiber optics, which provides good visibility even in bright daylight or against the light.
