A complete .22 LR kit, accurate and ready to fire right out of the box

The **Retay .22 LR Sport package** includes a precise bolt-action rifle, a bright **3-9x50 scope** , a high-performance **.22 LR suppressor** , and an adjustable **KB01 bipod** . This ready-to-use package is designed to offer stability, shooting comfort, and consistency, whether at the range or for technical recreational shooting.

- **Caliber** : .22 LR
- **System** : bolt-action rifle
- **Capacity** : 10-round removable magazine
- **Optics included** : Electro Point 3-9x50 scope, 4 reticle
- **Sound moderator** : Stalon RF Rimfire
- **Bipod** : KB01 Picatinny / sling swivel, height 16 to 19.5 cm
- **Barrel thread** : 1/2x28
- **Category** : C
- **Total length:** 97 cm / 110 cm with silencer fitted
- **Barrel length:** 51 cm / 65 cm with silencer fitted
- **Weight (rifles + accessories):** 4.4 kg

Designed as a turnkey solution, the **Retay .22 LR Sport package** combines mechanical precision, aiming comfort, effective noise reduction, and increased stability. In use, the package proves to be well-balanced, easy to operate, and particularly pleasant to use when supported.

Retay 2022 Sporter Black Rifle

The **Retay 2022 Sporter** bolt-action rifle features a heavy, free-floating barrel made of special steel, with a 1:16 twist rate and six grooves. This technical choice guarantees excellent ballistic consistency and reliable accuracy, even during extended firing sessions.

The three-position adjustable trigger, inspired by the 700 platform, allows for fine-tuning the trigger pull to around 2 kg. The ABS polymer stock, featuring an integrated cheek rest and a fixed length of 344 mm, ensures a stable and repeatable shooting position.

Main technical data

- **Total length** : 97 cm
- **Weight** : 2880 g
- **Rail** : Arched Picatinny, #8-40 screw mounting
- **Magazine** : removable rotary, enlarged lever

Microdot 3-9x50 riflescope

The **Microdot 3-9x50 scope** offers a simple and effective approach to optical aiming. Its 50mm objective lens provides a bright image, while the reticle 4 remains legible and quick to use on target.

- **Magnification** : 3 to 9x
- **Tube diameter** : 25.4 mm (1")
- **Waterproofing** : nitrogen-filled

Rimfire Silencer

The **RF** suppressor is a sound moderator designed for rimfire calibers. Compact and lightweight, it provides a sound reduction of approximately -30 dBc in .22 LR, while maintaining the weapon's balance thanks to its front-mounted design.

Adjustable Picatinny bipod / sling swivel

The **adjustable bipod** perfectly complements the setup, providing immediate stability when supported. Adjustable in height from 16 to 19.5 cm, it quickly adapts to the shooting position and significantly improves weapon control during precision shooting.

Its dual Picatinny or sling swivel mounting system makes it compatible with many configurations, without unnecessarily adding weight.

FAQ

Is the bipod included and already compatible with the rifle?

Yes, the KB01 bipod is included in the pack and can be mounted via Picatinny rail or sling swivel depending on the configuration chosen.

Is this pack suitable for precision shooting from a rest?

Yes, the combination of heavy barrel, 3-9x50 scope, adjustable bipod and silencer offers a stable and precise platform, perfectly suited for shooting from a rest.
