KIMZ102	C&H ACRO Optical Plate for Kimber 2K11	BF769	B	120.00 € incl. tax

CNC machined steel interface for mounting Aimpoint ACRO on Kimber 2K11.

The **C&H Precision optical plate** designed for the **Kimber 2K11** allows the mounting of a red dot sight using the **Aimpoint ACRO** standard. Machined from steel on **HAAS CNC** centers, it guarantees precise adjustment, optimal stability, and perfect repeatability during firing.

- **Compatibility** : Kimber 2K11
- **Footprint** : Aimpoint ACRO
- **Material** : CNC machined steel
- **Finish** : Type III MIL-SPEC black anodizing
- **Screws supplied** : 4 screws 6-40 x .250 M3H

Designed for demanding Kimber 2K11 users, this C&H Precision adapter plate ensures the reliable installation of an Aimpoint ACRO red dot sight. The goal is clear: to provide a rigid, durable, and perfectly fitting interface to fully utilize the optic's potential.

High-precision machining and tight tolerances

Each plate is machined from steel on HAAS CNC machines, with particularly tight tolerances. In use, this translates into a clean contact between the slide and the optic, limiting micro-movements and promoting a consistent point of impact.

Robustness and MIL-SPEC finish

The MIL-SPEC Type III black finish provides excellent resistance to wear and corrosion. This is exactly the kind of detail that proves valuable over time, especially during intensive use or repeated training.

Compatibility and installation

Specifically developed for the **Kimber 2K11** , this plate accepts **Aimpoint ACRO** standard lenses. It comes with four 6-40 x .250 M3H screws, ensuring secure mounting when carried out according to the manufacturer's recommendations.

FAQ

Is this plate compatible with other Kimber models?

No, this version is specifically designed for the Kimber 2K11. It is recommended to check the exact compatibility of the weapon before ordering.

What lenses can be mounted on this plate?

It is designed for optics using the Aimpoint ACRO footprint. Any optic conforming to this standard can be installed.

Is the screw hardware included?

Yes, the plate comes with four 6-40 x .250 M3H screws suitable for mounting on the Kimber 2K11.
