A compact rifle for precision shooting

The **Victrix Lupus** stands out with its compact size and **16-inch barrel** . In the field, this translates to immediate maneuverability while maintaining excellent accuracy. Whether chambered in **.308 Win** or **6.5 Creedmoor** , it offers a responsive and enjoyable platform to use.

Wood aesthetics and hybrid design

The **walnut** stock adds an elegant, traditional touch, while the internal aluminum structure ensures rigidity and stability. The hybrid handguard allows for the addition of accessories via side and bottom interfaces - a good balance between style and functionality.

Simple and effective ergonomics

With its fixed stock and butt plate, the grip is natural. This allows for an instinctive shooting position, ideal for smooth use. This simplicity is also an advantage for shooters looking for a platform without complex adjustments.

Reliable and precise mechanics

The short action, machined from a solid block of steel, ensures robustness and longevity. The **three-lug asymmetrical** locking system guarantees a secure and smooth lockup. The **Victrix Sporting Plus** trigger, set at around 400g, offers a crisp and consistent break, perfectly suited for **precision shooting** .

A ready-to-use platform

Delivered with a **Victrix ProAngle** muzzle brake, 20 MOA rail, and carrying case, the **Victrix Lupus** is ready to use immediately. It is ideal for shooters looking for a compact, high-performance, and aesthetically pleasing rifle.

FAQ

What calibers are available for the Victrix Lupus?

It is offered in .308 Winchester and 6.5 Creedmoor with rifling twist rates adapted to each caliber.

What is the advantage of a 16-inch cannon?

A short barrel improves maneuverability and compactness, while maintaining good accuracy for sport shooting.

Is the rifle equipped to receive accessories?

Yes, it has attachment points for accessories and a Picatinny rail for mounting optics.
