A complete, stable and immediately operational TLD platform.

The **Howa Pack 1500 GRS Fenris .308 Win rifle** is a complete set dedicated to **long-range shooting** , combining a reliable HOWA base, an ergonomic GRS stock and essential accessories for optimal accuracy.

- **Caliber:** .308 Winchester
- **Action:** HOWA 1500 Short Action (SA)
- **Canon:** 61 cm (24") pitch 1:10
- **Thread:** 5/8x24 UNEF
- **Stock:** Adjustable GRS Fenris
- **Scope:** Microdot FFP 6-24x50 (MOA reticle)
- **Muzzle brake:** Imperium Compact cal.30
- **Bipod:** Kastelberg Picatinny mount
- **Magazine:** Removable 5-round ATI
- **Case:** ABS 138 cm Nuprol

A proven HOWA 1500 base

At the heart of this package is the **Howa 1500** in **.308 Win** , a benchmark for **precision target shooting** . Its smooth, robust, short action inspires immediate confidence. The 24-inch barrel with a 1:10 twist rate effectively stabilizes a wide range of projectiles, a key feature for medium- and long-range shooting.

GRS Fenris stock: ergonomics and advanced adjustments

The **GRS Fenris** stock literally transforms the grip. Adjustable in length and cheek rest, it allows for a perfectly tailored shooting position. Its textured honeycomb grip improves control and contributes to better recoil management - a real advantage during long sessions.

Imperium muzzle brake: increased stability

The **Imperium Compact muzzle brake** in .30 caliber effectively reduces recoil and muzzle rise. In practice, this translates to improved target tracking and more comfortable rapid fire, especially at **long range** .

Microdot FFP 6-24x50 Optics

The **Microdot FFP** scope offers a versatile 6-24x magnification, perfectly suited for **long-range shooting** . Its first focal plane reticle allows for precise corrections at all distances. The turrets provide fine adjustment, ideal for fully exploiting the potential of the .308 Win caliber.

Bipod and ground stability

The **Kastelberg** bipod mounted on a Picatinny rail ensures excellent stability. Adjustable in height and designed to adapt to different terrains, it quickly becomes indispensable for maintaining a stable position when shooting prone or from a rest.

A truly ready-to-shoot pack

This pack also includes a **Nuprol hard case** for secure transport, a **5-round ATI detachable magazine** , and all mounting hardware. We particularly appreciate this consistency: everything is designed for quick setup without complex configuration.

Additional features

- **Stock material:** reinforced fiberglass
- **Muzzle brake:** black nitrided steel
- **Scope tube diameter:** 30 mm
- **Field of vision:** 1.3 to 6 m at 100 m
- **Bipod adjustment:** 19 to 24 cm
- **Case:** High-strength ABS

FAQ

Is this pack ready to fire upon receipt?

Yes, all the essentials are included: mounted optics, bipod, muzzle brake, and magazine. All that remains is to adjust the firing settings.

What is this pack intended for?

It is designed for sport shooting, including long-range shooting (LRT) and precision target shooting.

Is the stock adjustable?

Yes, the GRS Fenris stock allows you to adjust the length and cheek rest for optimal ergonomics.
