A pack designed for an effective start

With the **Gamo Quiet Cat Cherry 19.9J Pack**, everything is ready to go. Right out of the box, you quickly understand its appeal: a reliable **air rifle**, complete with all the essentials. Scope mounted, pellets included, targets included... all that's left is to get set up and shoot. It's exactly the kind of pack that inspires confidence and simplifies getting started with shooting.

Whisper system: quieter shooting

The integrated **Whisper** sound moderator effectively reduces muzzle noise. In practice, this provides real comfort, especially during extended sessions. The shot remains powerful, but significantly quieter - a real advantage for shooting in controlled environments.

Precision assisted with 4x32 scope

The included **4x32 WR** scope allows for rapid target acquisition. It is perfectly suited for **precision shooting** at medium range. Its simplicity is a major advantage: intuitive adjustments, fixed magnification, and immediate effectiveness.

Versatile power

With its **19.9 joules of energy**, this rifle offers an excellent balance between power and control. It allows you to work on your accuracy while maintaining a flat trajectory. Ideal for steady progress.

Additional equipment included

- **Shot type:** Match for precision shooting
- **Target type:** Standard training paper
- **Mounting:** Rail for compatible optics
- **Ergonomics:** Ambidextrous synthetic stock

FAQ

What are the purchase conditions?

This 19.9 joule air rifle is available for sale to adults in France, upon presentation of a valid identity document.

Is the scope already mounted?

The scope is supplied with the pack and may require simple assembly and initial adjustment for optimal accuracy.

What kind of maintenance should be planned?

Regular cleaning of the barrel and checking of the fixing screws are sufficient to guarantee the longevity and accuracy of the assembly.
