30mm rings in 3 heights for a perfectly fitted assembly

INNOMOUNT 30mm diameter rings are available in three heights - **Low (3mm)** , **Medium (6mm)** , **High (9mm), and Extra High (12mm)** - to precisely adjust the position of your scope. Their rigorous design ensures a reliable and consistent hold, while optimizing aiming ergonomics for every setup.

- **Ring width** : 15 mm
- **Material** : High-strength aluminum
- **Compatibility** : Glasses with a 30mm center tube
- **Diameter** : 30 mm
- **Available heights** : 3 mm (Low), 6 mm (Medium), 9 mm (High) and 12 mm (Extra-high)

Four heights for greater flexibility

Available in **3mm, 6mm, 9mm, and 12mm** , these rings cover a wide range of configurations. A low profile promotes natural alignment, while the taller versions provide the necessary clearance for large-lens optics.

Reliable support and careful design

Made from **high-strength aluminum** , they ensure even and secure clamping. In use, you'll be surprised to appreciate this feeling of stability - nothing moves, everything stays in place.

Extended compatibility

Designed for **30mm tube** scopes, these rings integrate easily into many configurations. Their 15mm width contributes to optimal stress distribution.

FAQ

Are the rings sold in pairs?

No, these INNOMOUNT rings are sold individually. You will need two for a complete setup.

What height should I choose for my glasses?

A height of 3mm is suitable for low mounts, 6mm and 9mm for a versatile setup and 12mm for optics with a large objective lens or requiring more clearance.

Are these rings compatible with all 30mm scopes?

Yes, they are designed for all glasses with a 30mm diameter central tube.
