Quick removable assembly with guaranteed return to zero

The **INNOMOUNT QD mount** for **Blaser and Sauer 505** interfaces stands out thanks to its particularly intuitive quick-release system. With its secure retractable levers, it allows for smooth, fast, and virtually tool-free operation, while ensuring excellent repeatability after reassembly. A real advantage in the field, where this combination of simplicity and reliability is highly valued.

- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Assembly** : Quick disassembly without tools
- **Compatibility** : Glasses with a 26 mm center tube

- **Diameter** : 26 mm
- **Available heights** : 14 mm, 17 mm, 20 mm
- **Ring spacing** : 70 mm
- **Total length** : 135 mm
- **Compatibility** : Blaser / Sauer 505

The INNOMOUNT QD mount for Blaser and Sauer 505 combines speed of use, robustness and precision, with several heights available to suit each configuration.

A fast and secure QD system

The **Quick Detach** system relies on two retractable levers locked by push buttons. Opening is deliberate and controlled, preventing any accidental triggering - a crucial point in the field.

A precise fit to your optics

Available in **14mm, 17mm, and 20mm** , this mount allows for fine-tuning the height of your scope. In practice, this directly improves aiming comfort and natural alignment.

Exemplary rigidity and stability

With a **center-to-center distance of 70 mm** and a **total length of 135 mm** , the assembly offers excellent stress distribution. Combined with a **high-strength aluminum** and **treated steel** construction, the result is undeniable: stability and durability.

FAQ

Does the assembly retain its settings after disassembly?

Yes, once properly adjusted, the INNOMOUNT QD mount guarantees excellent repeatability of the point of impact.

Is the system secure?

Yes, the levers are retractable and secured by push buttons to prevent any unintentional opening.

Which weapons is this setup compatible with?

It is compatible with Blaser and Sauer 505 rails.
