Ultra-low profile quick mounting with integrated torque lock

The **INNOMOUNT ZERO mount** in the **Slight Long** version for **Blaser and Sauer 505** interfaces stands out for its ease of use and exceptionally refined design. Its integrated torque-locking system allows for quick, tool-free mounting while ensuring constant tension. In practice, you'll find yourself changing optics in seconds, with remarkable repeatability and immediate ease of use.

- **Optical compatibility** : Aimpoint Acro
- **System** : Torque Lock
- **Assembly** : Quick disassembly without tools
- **Materials** : High-strength aluminum / treated steel

- **Compatibility** : Aimpoint Acro
- **Height** : 10 mm
- **Total length** : 97 mm
- **System** : Torque Lock
- **Interface** : Blaser / Sauer 505

The INNOMOUNT ZERO Slight Long mount for Aimpoint Acro is designed to offer simple, quick and perfectly reproducible use.

An intelligent Torque Lock system

Thanks to the **integrated torque lock** , the mount automatically applies constant tension. Even when changing weapons, the system compensates for tolerances - a real advantage for maintaining a reliable mount without complex adjustments.

Quick and easy assembly

Two simple movements are all it takes to install or remove the mount, without tools. In other words, changing lenses becomes instantaneous - and accessible even to the least experienced users.

Low profile and robust

With its **reduced height of 10 mm** , this mount promotes natural alignment. Its **high-strength aluminum** and **treated steel** construction ensures excellent durability, even under heavy use.

FAQ

Does the assembly require torque adjustment?

No, the Torque Lock system automatically manages the tension to ensure a constant tightening.

Can this setup be used on multiple weapons?

Yes, the system compensates for tolerances between different compatible weapons, ensuring a reliable hold.

Is this mount compatible with lenses other than the Aimpoint Acro?

No, this version is specifically designed for Aimpoint Acro optics.
