Robust, quick assembly with guaranteed repeatability

The **INNOMOUNT QD mount** for **Blaser and Sauer 505** interfaces is available in several heights to perfectly adapt to different optical configurations. Its retractable lever system allows for quick, smooth, and tool-free disassembly, while ensuring excellent repeatability of the point of impact. In the field, this reliable and intuitive mechanism is appreciated, reinforced by a robust construction combining high-strength aluminum and treated steel.

- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Ring spacing** : 70 mm
- **Materials** : High-strength aluminum / treated steel
- **Compatibility** : Glasses with a 30mm center tube

- **Diameter** : 30 mm
- **Available heights** : 14 mm, 17 mm, 20 mm, 23 mm
- **Ring spacing** : 70 mm
- **Total length** : 135 mm
- **Compatibility** : Blaser / Sauer 505

The INNOMOUNT QD 30 mm mount for Blaser and Sauer 505 combines speed of use, robustness and precision, with several heights available to suit each configuration.

A high-performance Quick Detach system

The **secure retractable levers** allow for quick, tool-free assembly and disassembly. The push buttons ensure controlled operation and prevent accidental opening.

A precise fit to your optics

Available in **14mm, 17mm, 20mm and 23mm** , this mount allows for fine-tuning the scope's position. In practice, this directly improves alignment and aiming comfort.

Rigidity and stability

With a **center-to-center distance of 70 mm** and a **total length of 135 mm** , stress distribution is optimal. The combination of **high-strength aluminum** and **treated steel** ensures excellent durability.

FAQ

Does the assembly retain its settings after disassembly?

Yes, once properly adjusted, the INNOMOUNT QD mount guarantees excellent repeatability of the point of impact.

Is the system secure?

Yes, the levers are retractable and secured by push buttons to prevent any unintentional opening.

Which glasses is this setup compatible with?

It is compatible with all glasses with a 30mm center tube.
