Fast, robust assembly with precision and repeatability

The **INNOMOUNT QD mount** for **Blaser and Sauer 505** interfaces is available in several heights to perfectly adapt to different optical configurations. Its retractable lever system allows for quick, smooth, and tool-free disassembly, while ensuring excellent repeatability of the point of impact. In use, it offers reliable and intuitive mechanics, combined with a robust construction of high-strength aluminum and treated steel.

- **Interface** : Compatible with Blaser and Sauer 505 rails
- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Ring spacing** : 70 mm
- **Total length** : 135 mm
- **Materials** : High-strength aluminum / treated steel
- **Compatibility** : Glasses with a 34 mm center tube

- **Diameter** : 34 mm
- **Available heights** : 14 mm, 17 mm, 20 mm, 23 mm
- **Ring spacing** : 70 mm
- **Total length** : 135 mm
- **Compatibility** : Blaser / Sauer 505

The INNOMOUNT QD 34 mm mount for Blaser and Sauer 505 offers a reliable and quick solution to adapt your optics to your setup.

An efficient Quick Detach system

The **secure retractable levers** allow for quick, tool-free assembly and disassembly. The push buttons ensure controlled operation, preventing accidental opening.

A precise fit to your optics

Available in **14mm, 17mm, 20mm, and 23mm** , this mount allows for fine-tuning the scope's position. In practice, this improves aiming comfort and overall alignment.

Stability and robustness

With a **70 mm center-to-center distance** and a **total length of 135 mm** , the mounting ensures excellent stress distribution. Its **high-strength aluminum** and **treated steel** construction guarantees long-lasting durability.

FAQ

Does the assembly retain the setting after disassembly?

Yes, once properly adjusted, the INNOMOUNT QD mount guarantees excellent repeatability of the point of impact.

Is the system secure?

Yes, the levers are retractable and secured by push buttons to prevent any unintentional opening.

Which glasses is this setup compatible with?

It is compatible with all glasses with a 34mm center tube.
