Compact and robust

With its **length of 97 mm** and its design in **high-strength aluminum** and **treated steel** , this assembly offers an excellent balance between compactness and strength.

FAQ

Is the mount compatible with all Docter sights?

Yes, it is compatible with Docter standards and many equivalent brands such as Noblex, Burris or Vortex.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.

Is the setting retained after disassembly?

Yes, if the assembly is correctly adjusted, the repeatability of the point of impact is ensured.
