Dedicated Zeiss ZM/VM quick mounting system with optimal precision

The **INNOMOUNT QD mount** for **Blaser and Sauer 505** interfaces, designed for **Zeiss ZM/VM** optics, is available in several heights to accommodate various configurations. Its retractable lever system allows for quick, smooth, and tool-free disassembly, while ensuring excellent repeatability of the point of impact. In use, the quality of the adjustments and the overall rigidity are appreciated, ensuring reliable and consistent support.

- **Interface** : Compatible with Blaser and Sauer 505 rails
- **Optical compatibility** : Zeiss ZM / VM
- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Materials** : High-strength aluminum / treated steel

- **Compatibility** : Zeiss ZM / VM
- **Available heights** : 9 mm, 20 mm
- **Total length** : 120 mm
- **Interface** : Blaser / Sauer 505

The INNOMOUNT QD mount for Zeiss ZM/VM is designed to offer a quick, reliable and perfectly adapted attachment to these optics.

An efficient Quick Detach system

The **secure retractable levers** allow for quick, tool-free assembly and disassembly. The push buttons ensure controlled operation, preventing accidental opening.

Dedicated Zeiss compatibility

This mount is specifically designed for **Zeiss ZM/VM** optics, ensuring a precise fit and optimal integration on the weapon.

Reliability and repeatability

Once properly adjusted, the mount ensures excellent **repeatability of the impact point** . In use, the hold is stable, consistent, and durable.

FAQ

Is this setup compatible with other lenses?

No, this model is specifically designed for Zeiss ZM and VM optics.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.

Is the setting retained after disassembly?

Yes, if the assembly is correctly adjusted, the repeatability of the point of impact is ensured.
