Long mount with Picatinny rail for maximum flexibility

The **INNOMOUNT QD Long mount** for **the CZ 550 and 557** with integrated **Picatinny** rail is designed to offer an extended mounting surface and greater positioning flexibility. Its retractable lever system allows for quick, smooth, and tool-free removal, while ensuring excellent point-of-impact repeatability. In practice, this extra length provides a real advantage for adapting to even the most demanding configurations.

- **Weapon compatibility** : CZ 550 / CZ 557
- **Rail type** : Integrated Picatinny
- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Materials** : High-strength aluminum / treated steel

- **Type** : Picatinny Rail
- **Height** : 20 mm
- **Total length** : 142 mm
- **Compatibility** : CZ 550 / CZ 557

The INNOMOUNT QD mount for CZ 550 and 557 with integrated Picatinny rail allows you to easily adapt different equipment according to your needs.

A versatile Picatinny base

The **integrated Picatinny rail** allows for the mounting of a wide range of compatible optics and accessories. It's an ideal solution for those who want to maintain maximum flexibility in their setup.

A reliable Quick Detach system

The **secure retractable levers** allow for quick, tool-free assembly and disassembly. The push buttons ensure controlled operation and prevent accidental opening.

Robustness and stability

With a **length of 142 mm** and a design in **high-strength aluminum** and **treated steel** , this assembly guarantees excellent rigidity and long-lasting durability.

FAQ

What accessories can be mounted on this rail?

All accessories and optics compatible with the Picatinny standard can be installed.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.

Is the setting retained after disassembly?

Yes, if the assembly is correctly adjusted, the repeatability of the point of impact is ensured.
