Quick and reliable mounting of the dedicated LM Rail.

The **INNOMOUNT QD mount** for **the CZ 550 and 557,** compatible with **LM Rail,** is designed to offer a quick, reliable, and perfectly suited attachment for optics equipped with this standard. Its retractable lever system allows for smooth, tool-free removal while ensuring excellent repeatability of the point of impact. In use, it offers intuitive mechanics and reassuring rigidity, perfectly adapted to the demands of the field.

- **Weapon compatibility** : CZ 550 / CZ 557
- **Optical compatibility** : LM Rail
- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Total length** : 141 mm
- **Materials** : High-strength aluminum / treated steel

- **Compatibility** : LM Rail
- **Height** : 17 mm
- **Total length** : 141 mm
- **Weapon compatibility** : CZ 550 / CZ 557

The INNOMOUNT QD mount for CZ 550 and 557 in LM Rail version offers a reliable and quick solution for equipping your optics.

A high-performance Quick Detach system

The **secure retractable levers** allow for quick, tool-free assembly and disassembly. The push buttons ensure controlled operation and prevent accidental opening.

LM Rail specific compatibility

This mount is designed for optics equipped with the **LM Rail** standard, ensuring precise adjustment and optimal integration.

Stability and robustness

With a **length of 141 mm** and a construction of **high-strength aluminum** and **treated steel** , the assembly offers excellent rigidity and durable performance over time.

FAQ

Is this assembly compatible with other types of rails?

No, this model is specifically designed for optics equipped with an LM rail.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.

Is the setting retained after disassembly?

Yes, if the assembly is correctly adjusted, the repeatability of the point of impact is ensured.
