Quick-mount Schmidt & Bender Convex dedicated assembly for CZ

The **INNOMOUNT QD mount** for **the CZ 550 and 557,** designed for **Schmidt & Bender Convex** optics, offers a quick and precise mounting solution. Its retractable lever system allows for smooth, tool-free removal while ensuring excellent repeatability of the point of impact. In use, the precision of the adjustments and the overall rigidity are immediately apparent, guaranteeing reliability in the field.

- **Weapon compatibility** : CZ 550 / CZ 557
- **Optical compatibility** : Schmidt & Bender Convex
- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Materials** : High-strength aluminum / treated steel

- **Compatibility** : Schmidt & Bender Convex
- **Height** : 10 mm
- **Total length** : 141 mm
- **Weapon compatibility** : CZ 550 / CZ 557

The INNOMOUNT QD mount for CZ 550 and 557, dedicated to Schmidt & Bender Convex optics, guarantees a fast, reliable and perfectly adapted attachment.

A precise Quick Detach system

The **secure retractable levers** allow for quick, tool-free assembly and disassembly. The push buttons ensure controlled operation, preventing accidental opening.

Convex-specific compatibility

This mount is designed for **Schmidt & Bender Convex** optics, ensuring optimal fit and perfect integration on the weapon.

Stability and robustness

With a **length of 141 mm** and a design in **high-strength aluminum** and **treated steel** , the assembly guarantees reliable and durable support, even in demanding conditions.

FAQ

Is this setup compatible with other lenses?

No, this model is specifically designed for Schmidt & Bender Convex lenses.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.

Is the setting retained after disassembly?

Yes, if the assembly is correctly adjusted, the repeatability of the point of impact is ensured.
