Quick multi-height mounting for Merkel with optimal precision

The **INNOMOUNT QD mount** for **Merkel** rifles with a 34mm barrel is available in several heights to precisely adapt to different optic configurations. Its retractable lever system allows for quick, smooth, and tool-free removal, while ensuring excellent repeatability of the point of impact. In use, its compact size and perfectly engineered mechanics, designed to meet the demands of the field, are highly valued.

- **Weapon compatibility** : Merkel rifles
- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Materials** : High-strength aluminum / treated steel
- **Compatibility** : Glasses with a 34 mm center tube

- **Diameter** : 34 mm
- **Available heights** : 13 mm, 16 mm, 19 mm, 22 mm
- **Ring spacing** : 55 mm
- **Total length** : 115 mm
- **Compatibility** : Merkel

The INNOMOUNT QD mount for Merkel in Ø 34 mm offers a reliable and quick solution for precisely adapting your optics.

An efficient Quick Detach system

The **secure retractable levers** allow for quick, tool-free assembly and disassembly. The push buttons ensure controlled operation, preventing accidental opening.

A precise fit to your optics

Available in **13mm, 16mm, 19mm, and 22mm** , this mount allows for fine-tuning the scope's position. In practice, this directly improves aiming comfort and alignment.

Compact and robust

With a **55 mm center-to-center distance** and a **total length of 115 mm** , this mount offers an excellent balance between compactness and stability. Its **high-strength aluminum** and **treated steel** construction ensures optimal durability.

FAQ

Is this assembly compatible with all Merkel models?

It is designed for Merkel rifles compatible with this specific type of mount.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.

Yes, if the assembly is correctly adjusted, the repeatability of the point of impact is ensured.
