Long mount with Picatinny rail for maximum flexibility

The **INNOMOUNT QD Long mount** for **Merkel** rifles with an integrated **Picatinny** rail offers an extended mounting surface for maximum flexibility. Its retractable lever system allows for quick, smooth, and tool-free disassembly, while ensuring excellent repeatability after reassembly. In use, this extra length provides real comfort for precisely adjusting the position of optics and accessories.

- **Weapon compatibility** : Merkel rifles
- **Rail type** : Integrated Picatinny
- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Materials** : High-strength aluminum / treated steel

- **Type** : Long Picatinny Rail
- **Height** : 20 mm
- **Total length** : 200 mm
- **Weapon compatibility** : Merkel

The INNOMOUNT QD Long mount for Merkel with Picatinny rail offers an ideal solution for configurations requiring a high degree of adjustability.

A longer rail for more freedom

Thanks to its **200mm length** , this mount allows for easy positioning of optics and accessories according to your preferences. In practice, this offers maximum flexibility to adapt your setup.

A high-performance Quick Detach system

The **secure retractable levers** allow for quick, tool-free assembly and disassembly. The push buttons ensure controlled operation, preventing accidental opening.

Robustness and stability

Its **high-strength aluminum** and **treated steel** construction ensures excellent rigidity. In use, the hold is firm, stable, and durable, even with heavier lenses.

FAQ

What accessories can be mounted on this rail?

All accessories and optics compatible with the Picatinny standard can be installed.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.

Is the setting retained after disassembly?

Yes, if the assembly is correctly adjusted, the repeatability of the point of impact is ensured.
