Quick and easy mounting dedicated Swarovski SR for Merkel

The **INNOMOUNT QD mount** for **Merkel** rifles, designed for **Swarovski SR** optics, offers a quick, reliable, and perfectly fitting mounting solution. Its retractable lever system allows for smooth, tool-free removal while ensuring excellent repeatability of the point of impact. In use, the precision of the adjustments and the quality of construction are appreciated, guaranteeing consistent performance over time.

- **Weapon compatibility** : Merkel rifles
- **Optical compatibility** : Swarovski SR
- **System** : Secure retractable locking lever
- **Controls** : Push buttons for unlocking
- **Materials** : High-strength aluminum / treated steel

- **Compatibility** : LM Rail
- **Height** : 14 mm
- **Total length** : 115 mm
- **Weapon compatibility** : Merkel

The INNOMOUNT QD mount for Merkel in LM Rail version offers a reliable and quick solution for equipping your optics.

A high-performance Quick Detach system

The **secure retractable levers** allow for quick, tool-free assembly and disassembly. The push buttons ensure controlled operation and prevent accidental opening.

LM Rail specific compatibility

This mount is designed for optics equipped with the **LM Rail** standard, ensuring precise adjustment and optimal integration.

Robustness and stability

With a **length of 115 mm** and a construction of **high-strength aluminum** and **treated steel** , the assembly ensures excellent rigidity and long-lasting durability.

FAQ

Is this assembly compatible with other types of rails?

No, this model is specifically designed for optics equipped with an LM rail.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.

Is the setting retained after disassembly?

Yes, if the assembly is correctly adjusted, the repeatability of the point of impact is ensured.
