- **Distance between axes** : 110 mm
- **Total length** : 142 mm
- **Compatibility** : Weaver/Picatinny rails

The INNOMOUNT QD mount for Ø 26 mm Weaver and Picatinny rails offers a reliable and quick solution for installing your optics.

Wide compatibility

Compatible with **Weaver and Picatinny** standards, this mount adapts to a wide range of weapons and configurations. A real plus for those looking for versatility.

A high-performance Quick Detach system

The **secure retractable levers** allow for quick, tool-free assembly and disassembly. The push buttons ensure controlled operation and prevent accidental opening.

Adaptation and stability

Available in **14mm, 17mm, and 20mm** , this mount allows for precise adjustment of the optic's position. Its **high-strength aluminum** and **treated steel** construction ensures a reliable and durable hold.

FAQ

Is this setup compatible with all Picatinny rails?

Yes, it is designed to be compatible with Weaver and Picatinny standards.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.

Is the setting retained after disassembly?

Yes, if the assembly is correctly adjusted, the repeatability of the point of impact is ensured.
