- **Total length** : 200 mm
- **Compatibility** : Weaver / Picatinny

The INNOMOUNT QD Long mount for Weaver and Picatinny rails with integrated Picatinny rail is designed to offer maximum freedom in your configurations.

A longer rail for more freedom

Thanks to its **200mm length** , this mount allows for precise adjustment of the position of lenses and accessories. In practice, this significantly improves the ergonomics and overall balance.

A high-performance Quick Detach system

The **secure retractable levers** ensure quick, tool-free assembly and disassembly. The push buttons allow for simple and safe operation, even in field conditions.

Modularity and robustness

The **integrated Picatinny rail** allows for the installation of a wide range of optics and accessories. Its **high-strength aluminum** and **treated steel** construction ensures excellent rigidity and proven durability.

FAQ

Is this setup compatible with all Picatinny rails?

Yes, it is designed to be compatible with Weaver and Picatinny standards.

Does the assembly require any tools?

No, the QD system allows for quick assembly and disassembly without tools.

Is the setting retained after disassembly?

Yes, if the assembly is correctly adjusted, the repeatability of the point of impact is ensured.
